Dear Valued Patient,

As part of an ongoing effort to enhance care coordination with Medicare Beneficiaries,we are proud to offer you a new chronic care management service which will better help us coordinate your care.This program consists of NON-FACE-TO-FACE SERVICES.

As part of this service our team will work to provide you with the following:

- Create a Comprehensive care plan available to you and your caregiver in writing or electronically that periodically will be revised.
- Coordinate and communicate with other health professionals outside of our office(this communication will be done in accordance with all state and federal privacy and security laws)
- Help manage care transitions between and among health care providers and settings,including referrals to clinicians,follow-up after an emergency department visit,follow up after discharge from hospital or other care facility
- Barbara A.Lubin,MD or a member of her care team will be accessible 24 hours a day,7 days a week to help you with URGENT CHRONIC CARE NEEDS.
- Review and track all medications,allergies and reactions to medications and remind you when PREVENTIVE CARE SERVICES ARE DUE.

If you have any questions about this Program please contact our office at 850-785-8246.

If you would like to participate/sign up for this program please sign the CCM consent form and return to the office.

Thank you.
